

## Course in Microchip Implantation (Cats and Dogs)

Are you a qualified veterinary nurse wanting to become an accredited microchip implantor in Queensland? Those holding prerequisite industry qualifications are now eligible. Add value to your resume and career by gaining an Authorised Implantor Number.

### About the course

The Course in Microchip Implantation (Cats and Dogs) combines online legislative learning and a face-to-face workshop. This half day workshop will cover the fundamentals of good microchipping, including asepsis, handling sharps, breed identification and chipping techniques.

### Duration

Online component - 1 hour (must be completed prior to workshop)

Face-to-Face workshop - 3 hours

### Workshop date and location

Friday, 20 August 2010

8am - 11am

NQ AVA Conference Townsville

Jupiters Hotel & Casino | Sir Leslie Thies Drive, Townsville

### Cost and Prerequisites

**SPECIAL PRICE** \$100 per person!

(incl. GST, both online and workshop costs, all materials and certificate)

Eligible registrants must already hold a prescribed qualification. These include Certificate IV in Veterinary Nursing, Certificate III or IV in Companion Animal Services, Advanced Certificate in Veterinary Nursing or Bachelor of Applied Science (Veterinary Technology). Contact the AIRC for the full list of eligible qualifications.

### How to register

Complete the registration form overleaf and **FAX BACK TO 07 3289 2005**.

All registrants must provide evidence of completed NRT qualifications to be successful.
